BEER JUDGE CERTIFICATION PROGRAM STYLE DESCRIPTION

Overall: A highly-attenuated pale lager without strong flavours, typically well-balanced and highly carbonated. Served cold, it is refreshing and thirst-quenching.

Aroma: Low to medium-low malt aroma. Hop aroma may range from low to a medium, spicy, or floral hop presence. While a clean fermentation profile is generally most desirable, low levels of yeast character are not a fault.

Appearance: Pale straw to gold colour. White, frothy head may not be long lasting. Very clear.

Flavour: Low to moderate levels of grainy-malt flavour, with a crisp, dry, well-attenuated finish. The grain character can be somewhat neutral, or show a light bready-crackery quality. Hop bitterness should be medium-low to medium. Balance may vary from slightly malt to slightly bitter, but is relatively close to even. Neutral aftertaste with light malt and sometimes hop flavours.

Mouthfeel: Light to medium body. Moderately high to highly carbonated. Can have a slight carbonic bite on the tongue.
