## BEER JUDGE CERTIFICATION PROGRAM STYLE DESCRIPTION

**Overall:** A pale, refreshing, and hoppy ale, yet with sufficient supporting malt to make the beer balanced and drinkable. The clean hop presence can reflect classic or modern American or New World hops.

**Aroma:** Moderate to strong hop aroma with a wide range of possible characteristics including citrus, floral, pine, resinous, tropical fruit, and stone fruit. Fruity esters vary from moderate to none.

**Appearance:** Pale golden to light amber. Moderately large white to off-white head with good retention. Generally quite clear, although dry-hopped versions may be slightly hazy.

**Flavour:** Moderate to high hop flavour. Low to moderate clean grainy-malt character supports the hop and may show small amounts of specialty malt character (bready, toasty, biscuity). Moderate to high hop bitterness with a medium to dry finish.

**Mouthfeel:** Medium-light to medium body. Moderate to high carbonation. Overall smooth finish without astringency and harshness.
